**THIRD AMENDED PATENT CASE  
SCHEDULING ORDER**

Case No. 2:21-cv-00283

District Judge Ted Stewart

Magistrate Judge Daphne A. Oberg

Plaintiffs Eagle View Technologies, Inc. and Pictometry International Corp. (collectively, “EagleView”) has filed a motion to amend the scheduling order.<sup>1</sup> EagleView seeks to reopen discovery based on both parties’ recent filing of amended pleadings adding new claims and defenses. Defendants Nearmap US, Inc., Nearmap Australia Pty Ltd, and Nearmap Ltd (collectively, “Nearmap”) filed a response,<sup>2</sup> indicating they do not oppose reopening discovery but disputing some of the proposed deadlines. Nearmap also proposes a deadline for the parties to submit proposed amendments to the discovery limitations set forth in the prior scheduling order(s).

---

<sup>1</sup> (Doc. No. 317.)

<sup>2</sup> (Doc. No. 321.)

Having reviewed both parties' briefing and proposals, the court GRANTS EagleView's motion<sup>3</sup> in part and ORDERS as follows:

1. For good cause shown, based on the recent filing of amended pleadings adding new claims and defenses, fact discovery is reopened beginning on the date of this order.
2. The case schedule is amended as set forth below.<sup>4</sup> All deadlines and limitations not set forth herein remain unchanged.
3. The parties shall meet and confer regarding amendments to discovery limitations.

Any party seeking to amend discovery limitations based on the recent filing of amended pleadings shall file a motion to amend the scheduling order within ten days of this order.

---

<sup>3</sup> (Doc. No. 317.)

<sup>4</sup> This schedule adopts, in large part, EagleView's shorter proposed timeline. However, this does not prevent any party from later seeking further extensions of these deadlines if warranted, based on a showing of good cause.
